Affidavit of General Mining Use

If approved, the Certificate of Exemption for Mining, is an exemption from portions of the Maricopa County Zoning Ordinance, and the County's Building Code Authority, for the use of the land for the approved mining activities. Any use not incidental to the approved mining operation will be required to comply with the current regulations imposed upon said land by the underlying zoning district. The primary use of land shall be the mining operation. If the mining operation use is abandoned or is not the primary use of the land, then the appropriate zoning regulations shall apply.

Record Permits or Zoning Clearances must be applied for and issued by this department. Each time the property owner wishes to expand the use or construct, alter, modify or demolish any structure or improvement on the subject parcel, a Record Building Permit or Zoning Clearance is required. At that time, the Customer Services Department shall re-evaluate the exemption status to ensure that the current zoning exemption is valid.
